

SMART CAR CHARGER

INTELLIGENT CAR CHARGER WITH FAST CHARGING TECHNOLOGY QUICK CHARGE™ 3.0

FEATURES:

- Thanks to Quick Charge™ 3.0 technology, you can charge your device up to 4 times faster than a regular charger.
- Dual USB output gives you the ability to simultaneously charge two devices.
- The intelligent chip adjusts the parameters to the connected device and ensures optimal charging current.
- Includes protection against overvoltage and overload of the circuit ensuring stable and safe operation, eliminating the risk of damage to the device being charged.

PRODUCT SPECIFICATION:

| | |
|---------------------|--|
| Technology | Qualcomm® Quick Charge™ 3.0 |
| Input voltage | DC 12/24V |
| Output 1 | DC 5V/2.4A Max |
| Output 2 QC 3.0 | DC 3.6~6.5V / 3A or 6.5V~9V/2A 9~12V/1.5A |
| Number of USB ports | 2 |
